The conference room

- Remember that people around you can hear you talking (mute yourself in case of background noise during the talks).
- Minimize the screen sharing on the 'x' in the top right corner in order to move around and reach the question desks.
- **Questions** can be asked at the 'question desks' next to the stage. Standing on the orange circle allows you to speak to everyone in the room. Alternatively, you can write your question in the chat.
- Pressing 'x' on your keyboard will show you the link to the zoom room for the keynote lecture.
